Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. The population of each of the 4 districts must be close to 20,925, with no more than a 2,092 difference between the largest and smallest.

You can hand-deliver, mail, fax, scan and email, or photograph and email your map.

My comments regarding the Redistricting of Manteca and my preference for two districts.

Over-arching Goal: We do not want Airport Way as a truck route. The Environmental Impacts to the residents in the surrounding areas and the Senior citizens in Del Webb is catastrophic to our well-being and health.

District #1:

- **CenterPoint Development**
- **Airport Way as a truck route STAA trucks**
- **Our intersection with Lathrop Road and Airport and city of Lathrop and truck traffic**
- **Future development on Airport Way and Union Road north of Lathrop Road**

District #2:

- **This District has a common interest with District #2 regarding Airport Way and truck route traffic with STAA trucks**
- **The area south of 120 and Airport Way is an area of unified interest because Airport Way past highway 120 into new construction and into the proposed Raymus Parkway.**
