Redacted

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. The population of each of the 4 districts must be close to 20,925, with no more than a 2,092 difference between the largest and smallest.

You can hand-deliver, mail, fax, scan and email, or photograph and email your map.

RE: Redistricting Comments on Community of Interest

Dear Counsel members

This letter provides my comments as shared community of interests concerns in my district, "District 1", and the neighboring district south of District 2.

District 1

1. Trucking Warehouses in the CenterPoint Development on Airport Way
2. Airport Way as a STAA truck route for trucks.
3. Manteca intersection on Airport Way with the City of Lathrop, Lathrop Road for a truck route.
4. Future industrial development on Airport Way and Union Road north of Lathrop Road

District 2

1. District 1 and District 2 has a common interest regarding Airport Way and STAA truck route traffic with STAA trucks
2. The area south of 120 hwy. and Airport Way is an area of unified interest because Airport Way goes past highway 120 into new construction and into the proposed Raymus Parkway.

Thank You,
